Respected Sir,

With reference to above subject for the development of skills in students of undergraduate and postgraduate level, as per new curriculum requirement, we need to establish well equipped clinical skill laboratory separately in our institute.

It will provide students, hands on manikins and encouraging and motivating environment for learning skills. It also provides abundant time, appropriate place and fearless environment for students to practice skills and chance for self-assessment.

We request you kindly grant us permission for proceeding to establish clinical skill laboratory.

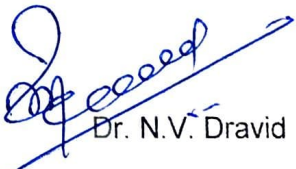

Thanking you.
