Policy for E-governance

- To provide affordable, transparent and efficient services
- To develop effective information management systems and other performance measurement mechanisms to ensure the accountability of public service functionaries.
- Facilitating online internal and external communication between various entities of the institution through e mail and social media.
- Achieving paperless administration of the institution
- Making the institution visible globally
- Comprehensive implementation of electronic mode of communication among all
- Departments / sections of the University viz. Academics, Administration, Finance & Accounts, Admissions, Examinations, support etc. and ultimately moving towards paperless office.
- College website act as a mirror of the college activities and information about all activities, and important notices.
- E-governance in some areas like administration, library, store, hospital data management through internal ICT platforms.
- For attendance of staff and students biometric system is implemented.
- Continuous training of teaching and non-teaching staff in various ICT platforms is performed
- Ensuring optimum usage of core Information & Communication Technology (ICT) for smooth functioning of e-governance.
- The website of the institute is updated continuously taking into account current needs and requirements
